Introduction

These guidelines will instruct you on how to use Rawplast Industries' brand identity effectively, to make sure all brand communications look the best. This document will discuss logo specifications, appropriate logo usage, the company's colour palette and preferred typography.

About Us

Rawplast Industries, headquartered in the Republic of Zimbabwe, is a leading packaging solutions company. The company's history traces back to its initial focus on the distribution and manufacturing of flexible plastic packaging products. However, recognizing the evolving needs of its clientele, Rawplast Industries has undergone strategic diversification to expand its service offerings.

In addition to flexible plastic packaging, the company now provides a comprehensive range of packaging solutions. The applications of Rawplast Industries' packaging solutions are extensive and span diverse industrial sectors. These sectors include, but are not limited to, food and beverages, mining, agriculture, health, and construction. Rawplast Industries continues to position itself as a key player in the packaging industry, offering innovative solutions that contribute to the success and efficiency of businesses across various sectors in Zimbabwe and in the SADC region.

1. Company Logo

1.1 Components Of The Logo

The logo comprises three essential elements: a distinctive symbol, a defining wordmark, and a surrounding outline, forming a cohesive and unified visual identity.

Logo

Wordmark

Symbol

1. Company Logo

1.2 Logo Specifications

1. “Rawplast Industries” is displayed in the **Impact Regular** typeface.
2. “Total Packaging Solutions” is displayed in the **Arial Black** typeface.
3. The background behind the wordmark must consistently be Rawplast White.
4. The symbol’s length is one-third of the total logo length.
5. Outline of the logo is 3pt thick solid line stroke.

1.3 Display Of The Logo

1. Any display of the logo must be in accordance with the specifications in section 1.2.
2. Our logo is designed to be a cohesive single unit. To maintain brand integrity, it should always be displayed as a unified entity.
3. Avoid separating its components, as the collective strength lies in their combined presence.
4. Consistent presentation as a single unit reinforces brand recognition and maximizes the effectiveness of our visual identity.

2. Company Colours

In the vibrant palette defining our brand, Rawplast Red and Rawplast Blue take center stage, infusing energy and sophistication. Rawplast Red, a warm and dynamic hue, reflects our passion and commitment. Paired with Rawplast Blue, a tranquil and trust-inducing shade, our palette achieves a harmonious balance. The inclusion of Rawplast White signifies purity and clarity, underscoring our transparency and dedication to excellence. Together, these colors form a distinctive visual language that resonates with our identity, leaving a lasting and positive impact on our audience.

Hex #FFFFFF

3. *Typography*

In crafting our brand identity, typography plays a pivotal role, shaping the visual language that communicates our essence. Our preferred typeface, Sequel Sans, embodies the modern and bold aesthetic we aim to convey. With its clean lines and contemporary appeal, it not only enhances readability but also resonates with our commitment to innovation.
